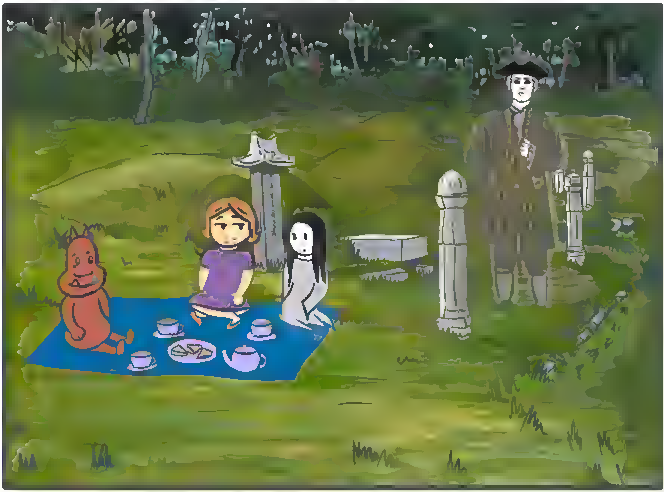
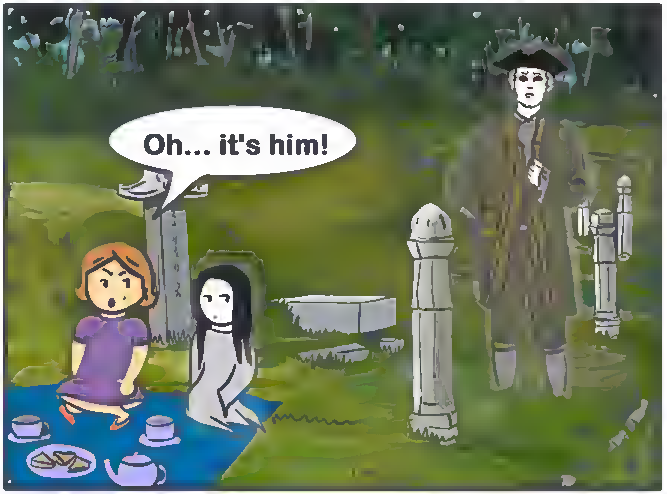
NICHOLALALA

So I said...

... I'll put your horse on your roof too!!!

HAHAHA!
HAHAHA!
HAHA!





Oh... it's him!

Is that British tea?

After a lot of thinking, I probably owe you an apology

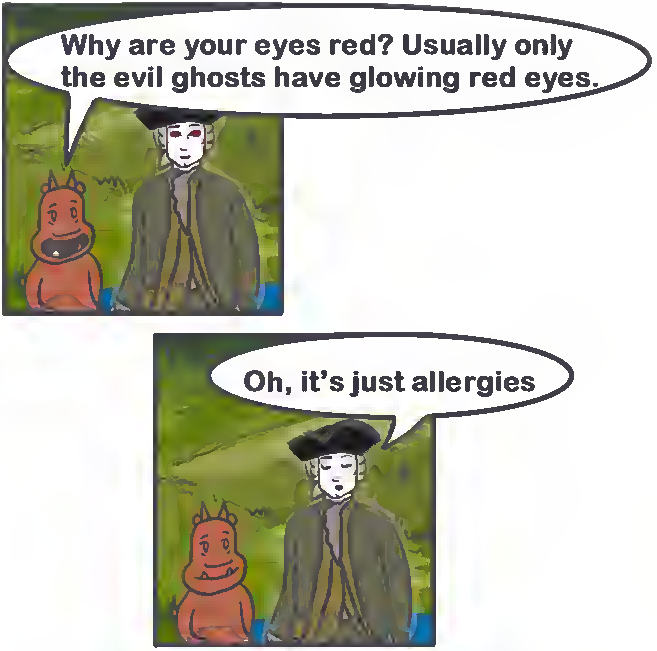
Yeah you do!
Yeah you jerk!
Sigh... I mean... that would be nice

I...uh... was maybe too hasty with my assumptions and I realised that after so many years alone that I should be pleased to be able to talk to someone. And the world must have changed since I was alive.

So I apologize... I apologize for what I said...

Okay... I would give you some tea but you can't drink it.

But you can pretend to drink it like me!
Uh...yes



Why are your eyes red? Usually only the evil ghosts have glowing red eyes.
Oh, it's just allergies

Well this isn't too bad. This is nice... Even though you are 2 females and a small creepy monster.

Oh...Did I say something wrong?
